

# TECHNICAL DATASHEET

PDU 12 Sockets DIN49440  
With 3L Surge Protector + AV6 Meter  
Input Ceeform 16A

3L Surge Protector

Input : Ceeform 16A

Output : (12) DIN49440

Cable : 3G\*2.5mm<sup>2</sup>\*3m

Max. Power : 4000 Watt

| Specification             |                                                                                                        |  |
|---------------------------|--------------------------------------------------------------------------------------------------------|--|
| Brand                     | YURRO                                                                                                  |  |
| Product Name              | Power Distribution Unit                                                                                |  |
| Part Number               | Y-A12-6-4                                                                                              |  |
|                           |                                                                                                        |  |
| Physical                  |                                                                                                        |  |
| Case                      | Aluminium alloy coated Black                                                                           |  |
| Power Input               | Bottom singel input                                                                                    |  |
| Bracket Install           | Vertical installation                                                                                  |  |
| Product Size              | L x W x H = 928 x 50 x 60mm                                                                            |  |
| Mounting Length           | 889mm                                                                                                  |  |
| Mounting Style            | 2 ends Brakets                                                                                         |  |
| Fittings                  | 4 pcs cross screw ( φ 6 x 16mm), 4pcs M6 float nut                                                     |  |
| Output                    |                                                                                                        |  |
| Socket Type               | DIN49440 / Schuko                                                                                      |  |
| Socket Unit               | 12 x DIN49440 / Schuko                                                                                 |  |
| Max. Ouput Current        | 16A                                                                                                    |  |
| Input                     |                                                                                                        |  |
| Cable with Plug           | Ceeform, 16A                                                                                           |  |
| Cable Spesification       | 3G*2.5mm²*3M                                                                                           |  |
| Rating Voltage            | 220 - 250VAC 50 - 60 Hz                                                                                |  |
| Rating Current            | 16A                                                                                                    |  |
| Max. Current              | 16A                                                                                                    |  |
| Max. Power                | 4000 watt                                                                                              |  |
| Protection Function       |                                                                                                        |  |
